

CR / DR SYSTEMS

X-RAY SYSTEMS/CR

R/F SYSTEMS/FULL DIGITAL

If you are moving to PACS or have PACS - you need to consider Digital Solutions that are affordable and easily deployed.

NCD Medical now brings you CR and DR solutions combined with the quality and economy of NCD Medical New or Refurbished systems.

GE - PHILIPS - SIEMENS, OTHERS  
RAD & R/F SYSTEMS

+

KONICA-MINOLTA  
CR UNIT

If you're trying to plan digital implementation, we can help. It is important to remember that PACS is only one part of the solution. Your network, storage, equipment image output, and RIS interface become major components of the solution.

We offer turnkey PACS solutions for large, mid-range and small facilities through our relationship with MTS/DELFT, a world leader in digital healthcare solutions.
